Living in response to Grace

Wednesday July 5, 2017

1. We're told in verse 11 that the "Grace of God has appeared." Define grace and explain how/in what manner it has appeared.

2. What is the purpose of this grace?

3. Let's look, in detail, about what God's grace instructs us to do. Go through the list in verses 12-13 and jot down some practical examples of how we can do these things in today's world.

4. The world would have us believe that we can live and act however we want because God is a merciful and gracious God who will save us all in the end. How do these verses combat that notion?

5. If we are to be Christ's people, what characteristic must we have according to verse 14? How do we show that in our lives?
