

Please read for class: James 1:27, Heb. 13:1-3, Ps 82:3-4, Prov. 31:8-9, 14:21,31 and Lk 10:25-37

1. After reading these passages, how would you define the less fortunate in God's eyes? How does God feel about the less fortunate?

2. How does God see their value?

3. How is the value of the less fortunate measured in our society's eyes or maybe even our own? Why is it so critical for us to see the value in others?

4. The Good Samaritan is an excellent example of extending grace to the less fortunate. What specific aspects of grace do we see him demonstrate? What obstacles or hindrances (that we might have too) did he perhaps have to overcome in order to extend grace?

5. What are some very specific ways we can extend grace today to the less fortunate?
